## PROSPER LATEST NEWS

We had online and face-to-face partners meetings in Zagreb, Croatia (June 21, 2022), hosted by The University of Zagreb and in Chorzow, Poland (November 17-18, 2022) hosted by University of Silesia in order to discuss the implementation of the project activities, the evaluation, dissemination and development of project results. We are developing **Teachers training toolkit for supporting the implementation of the gamified blended learning course on "Tackling real-world challenges through Social Entrepreneurship"** which will provide a holistic and comprehensive teachers training toolkit that will support university teachers coming embed social entrepreneurship into their curriculum.

The project was presented during International Congress on Education Quality (Katowice, 16-18 November 2022): a sample course module on the Moodle platform was presented, including materials for course participants to study independently. The project received very positive feedback by all participants. Follow us and discover the latest news!
