We worked hard to finalize the project results and to plan how to use them after the project completion. In order to do this, we had 2 face-to-face partner meetings in order to work together and discuss all issues. The meetings were in Zagreb, Croatia at the beginning of September 2023 and in Sofia, Bulgaria at the beginning of October 2023.
In order to bring added value to the project and reach even more target groups, we have created additional social media page and you can follow us!
